

Documents and Forms Review and Revision Committee
Committee Report – 11/12/21

Hi club! Your new Documents and Forms Review and Revision committee (DFRRC) has had our first meeting to strategize our plans! We are asking for member inputs, due no later than 11/19/21, so that we can actually produce some results before the holidays set in.

[Joseph A. Greenleaf](#) will be working on a sample standardized puppy/dog purchase contract. To that end, he would like those willing to share their contracts to PM him or email them to him at jagreenleaf@me.com. He will be looking for the best wording and ideas to collate. Please only send non-copyrighted material.

[Catherine Sorensen](#) and I will be working to reformat the litter registration application. We are looking both at reformatting for a printable form in either a fillable .pdf or Google doc, but also at using online form-ware to create one from scratch... the current online app, Formsite, is not user friendly. If anyone knows some great online fillable Formware they've used or seen elsewhere and recommend, PM or email Kate and/or I with ideas: seletts@gmail.com
sorensen_kate@yahoo.com

We are looking forward to making some concrete improvements with this committee... more user-friendly and understandable forms and sample contracts. Hoping to get as much member input as possible!

Thanks, Sarah
